URBAN CHIC MEETS OCEANFRONT LEISURE AT STUNNING NEW VILLAS.

It's no secret that some of the most famous stretches of uncrowded beaches and vibrant coral can be found on the paradise known as **TURKS AND CAICOS**. Tucked into an elevated hillside overlooking the bay at Turtle Tail, the new **GANSEVOORT VILLAS COLLECTION** includes six new four- and five-bedroom oceanfront villas. Just a short two-and-a-half-mile drive from **GANSEVOORT TURKS + CAICOS RESORT**, the Gansevoort Villas each sit on approximately half an acre of elevated hillside.

Featuring contemporary indoor-outdoor architecture, each comes complete with two private pools, an over-the-water swimming platform with direct ocean access, and stunning views of turquoise waters.

Guests will be able to enjoy signing privileges for amenities at Gansevoort Turks + Caicos Resort, including restaurants and the award-winning Exhale Spa, which offers services from sunset yoga to reinvigorating massages. Fine-dining restaurant Stelle and beachfront restaurant and bar Zest dole out gourmet, tropical-tinged dishes all day long. On land or below the water, it's impossible not to be drawn to the beauty of these islands.

Finally! Something as hot as the sand in Turks and Caicos has arrived. We are on our way!
